604144A	2 Adjustable Straps With Steel Hooks
404144C	1 4144 Rain Cover With Elastic Bottom
304144	1 Instruction Sheet

THANK YOU FOR CHOOSING KURYAKYN!

This is not your traditional roll bag. The new Classic Tour bag is perfectly sized for overnight or day trips.

- Zippered ends and large hatch allow access to main compartment from almost all sides.
- Expandable side compartments provide extra room when you need it and keep the bag narrow when you don't.
- New WATERPROOF zippers have large, glove friendly pulls. Also includes a rain cover for added protection.
- 1200 denier construction for durability.
- Wide hook-&-loop belt securely attaches bag to any backrest.
- Semi-rigid construction provides support so the bag retains its shape – even when empty. Perfectly sized to provide lumbar support for rider when mounted on passenger seat. Lean back and enjoy!
- Plenty of sturdy D-Rings allow you to bungee additional items to the bag or lock the side pocket zippers if needed (small padlock not included).
- Convenient shoulder strap makes it easy to carry into the hotel after a long ride.

NOTE

The wide hook-&-loop belt is not removable. When this bag is used on bikes without needing this belt simply tri fold it.

SUGGESTIONS

This bag attaches very nicely to a truck rack. As you can see the GL1800 in PIC.1 the two rear straps can be run through the rack and back up to the binding clamps. The front is secured by using the two adjustable straps run around the support legs on the rack. This will keep the straps in the proper position. See PIC.2.

LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
- The product must be properly installed, maintained and operated under normal conditions.
- Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
- Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. Components of Kuryakyn products containing L.E.D.s will be warranted for defects in materials and workmanship for 3 years from the date of purchase.
- Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

ABOUT OUR CATALOG

You'll find all our innovations for H-D, GL and Metric Cruisers in our annual catalogs. Order online today—select the "CATALOGS" icon. Each Kuryakyn™ product comes with a Proof-of-Purchase good for a complimentary catalog. Details in packaging.

Be sure to ask your local dealer about other Kuryakyn products, the motorcycle parts and accessories designed for riders by riders.

This bag also attaches to bikes with back rests with or without a luggage rack. [PIC.3](#) shows the bag sitting behind the back rest on a rack, secured with the wide hook-&-loop belt. [PIC.4](#) shows the rear of the bag and how it is attached to the rack.

If you would like to use this bag as a back rest simply turn the bag around still using the wide belt around the back rest. To secure the front of the bag you could run the two straps around the passenger grab strap.

There are many D Rings attached to this bag that you are able to use for attaching other bags or gear, or to further secure the bag to your bike. The shoulder strap works well to transport the bag to/from your bike.
