THANK YOU FOR CHOOSING KÜRYAKYN!

PLEASE NOTE

It is the installers' responsibility to make sure all fasteners (including pre-assembled) are tightened before operation of motorcycle. Kuryakyn will not warranty components that are lost due to improper installation. Periodic maintenance may be required.

TOOLS SUGGESTED

Phillips screwdriver

PROCEDURE

STEP 1 Remove the stock taillight and disconnect the bulb or light connection from the taillight base. Save the stock fasteners as they will be used to mount the new taillight.

STEP 2 Apply a small amount of dielectric grease to the electrical contact points in the socket or plug.

STEP 3 Plug the appropriate style connector into the taillight base.

STEP 4 Remove the adhesive backing from the foam gasket and apply the gasket to the taillight base. On Twin Cam models, be sure the gasket seals as much of the wire passage openings in the taillight base as possible — this will minimize the amount of moisture, dust etc entering the taillight lens. (These openings can be further sealed with silicone if you desire).

STEP 5 Plug the taillight into the base connector previously installed.

STEP 6 Secure the Low Profile Taillight to the base using the stock Phillips head screws. Tighten to snug only. Do not over-tighten.

STEP 7 Test for run and brake functions with the motorcycle running.

Ride On!

LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
- The product must be properly installed, maintained and operated under normal conditions.
- Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
- Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.
- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.
- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. Components of Kuryakyn products containing L.E.D.s will be warranted for defects in materials and workmanship for 3 years from the date of purchase.
- Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.
