

Re: NHTSA #11E-054

Dear Kuryakyn Customer,

This recall notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Kuryakyn Holdings, LLC (“Kuryakyn”) has decided that a defect which relates to motor vehicle safety exists with Kuryakyn<sup>®</sup> Transformer<sup>™</sup> Passenger floorboards (Kuryakyn part no. 7005) when installed on certain Honda GL 1800 motorcycles. These floorboards (floorboards manufactured and sold between 9/15/2008 and 12/1/2011) have a mounting piece that connects the floorboards to the motorcycle frame that may crack and separate from the mounting bolts. The consequence of this condition is that the passenger floorboard may separate from the motorcycle when a passenger puts his or her full weight on the floorboard, such as when mounting or dismounting the motorcycle. If you purchased your Kuryakyn<sup>®</sup> Transformer<sup>™</sup> Passenger floorboards (Kuryakyn part no. 7005) between 9/15/2008 and 12/2/2011, you are advised to immediately discontinue use of the Transformer passenger floorboards. Kuryakyn is redesigning the mounting piece and will have replacement mount kits available on or around April 1, 2012 at no charge to you.

Please contact Kuryakyn customer service at 1-866-296-4728 to register for your replacement or send an e-mail to [js@kuryakyn.com](mailto:js@kuryakyn.com). A Kuryakyn representative will arrange for prompt attention to your replacement mount kit.

If you no longer have the motorcycle described in this letter, please help us to update our records by contacting [js@kuryakyn.com](mailto:js@kuryakyn.com). Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

We regret any inconvenience that this action may cause you. However, we are concerned about your safety.
