Kuryakyn has an immediate opening for a Designer – Soft Goods. The person in this position will be designing and developing new product for the Motorcycle industry. This position requires a combination of Illustration, and design experience to create the most functional and appealing product. You must be able to bring a product from concept sketches, to production in a very short time while maintaining accurate documentation.

Qualifications:

- 4 year degree in Industrial/Graphic/ Product Design (BA/BS required, Ma/MS a plus)
- 5 + years related work experience
- Proficient computer skills in Microsoft Office Suite, Photoshop, Illustrator, Sketch Book Pro, or similar software. Alias or Rhino experience is also an option.
- Must be goal driven, detail oriented, and ability to work under pressure
- Ability to meet project deadlines
- Excellent communication both oral and written

Essential Functions:

- Prepare sketches, and detailed drawing.
- Knowledge of Material, Stiches, Fabric, Thread, Zippers, Molding, Buckles, Snaps and Rivets.
- Confer with senior designer, engineering, marketing, or with customers, to Establish and evaluate design for manufactured products.

- Create technical 2D-3D drawings that show critical dimensions & surface finishes, material & finish callouts and other critical information.
- Fabricate prototype samples
- Research production specifications, costs, production materials and manufacturing methods, and provide cost estimates and itemized production requirements.
- Modify and refine designs, to conform to customer specifications, production limitations, or changes in design trends.
- Evaluate feasibility of design ideas, based on factors such as appearance, safety, function, serviceability, budget, production costs/methods, and market characteristics.
- Present designs for review, communicating design intent, and discuss need for modification.
- Participate in new product planning or market research, including studying the potential need for new products.
- Read publications, attend showings, and study competing products and design styles and motifs to obtain perspective and generate design concepts.
- Evaluate and test, first article samples.

Compensation:

Kuryakyn offers competitive based compensation + bonus packages coupled with great benefits; PTO, Health, Dental, Life, Vision, FSA, 401(k) with matching funds and lunch is provided every day.
